

- NARRABURRA EAST PROVISIONAL SCHOOL - 1910 - 1924

The school was located 1Km north of this plaque adjacent to the western side of school lane.

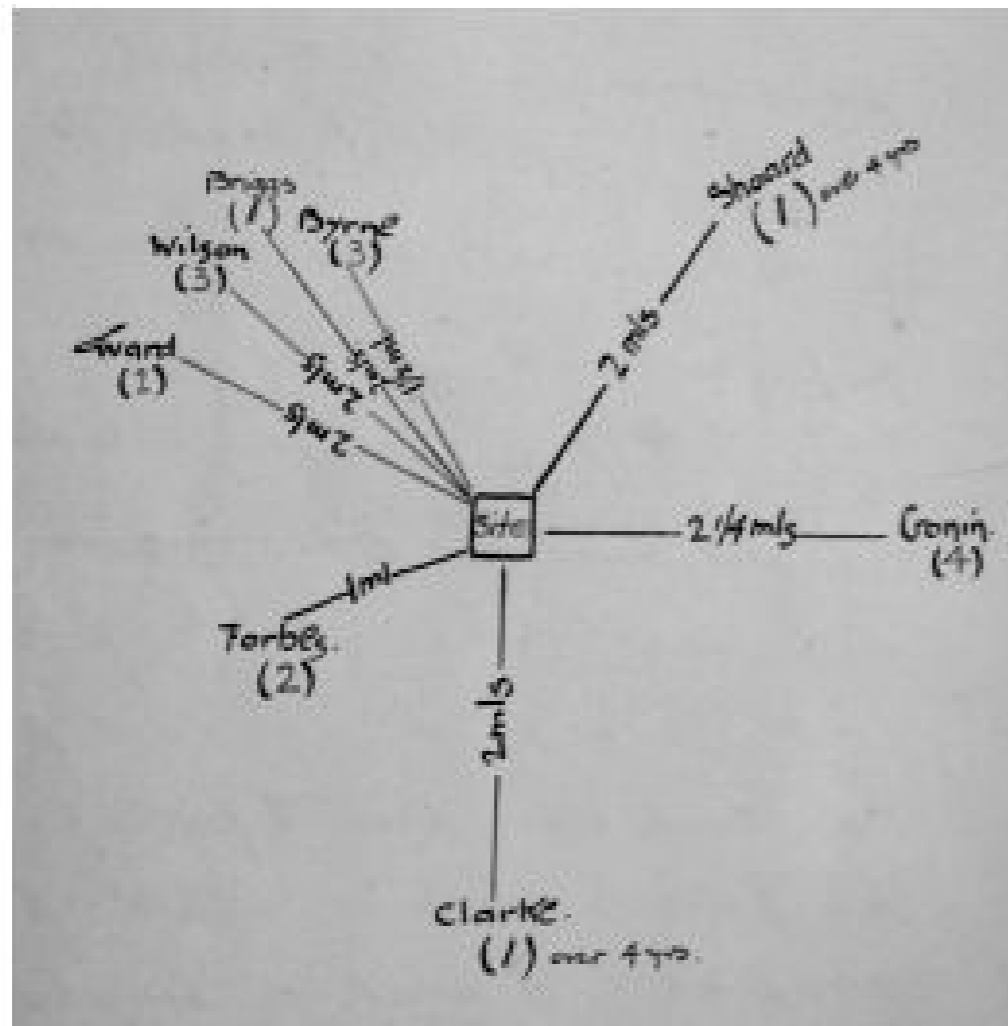

Following persistent requests from local families the Narraburra East Provisional School was built in 1910 north of Fraters Speedway midway between Little Narraburra Hall and Grogan.

One acre of land was leased from Mr. John Forbes for a peppercorn rent and Mr. McFadgcan contracted to build the school with a government grant of 75 pounds.

Attendance at the school peaked at 25 students in 1915 following the closure of the Edgefern school. However the numbers gradually declined after this and the school closed in 1924. The school building was moved to Moonbucca East.

School Photo. (date unknown)

Sketch of proposed school site and surrounding families.

Families to attend Narraburra East School included Cronin, Forbes, Shoard, Frater, Douglas, Wilson, Byrne, Briggs, Clarke and Ward.
